## BUSINESS MEN HOLD MEETING

ASK FOR ARBITRATION OF THE PHILADELPHIA STREET CAR STRIKE.

### CONDITIONS ARE NO BETTER

Labor Men Petition Governor Stuart to Take Action—Cars Continue to Be Stopped—Quiet Yesterday.

Philadelphia, Pa., March 12.—The call for arbitration of the differences between the Philadelphia Rapid Transit Company and its 4,000 or more striking employees became insistent today.

From quarter after quarter in Philadelphia and outside of it the demand for mediatory measures was voiced.

Everywhere it was recognized that the failure to arrive at any arbitral agreement was the only thing that stood in the way of a speedy calling off of the general sympathetic strike in this city, which has practically paralyzed the city's industrial life, and which the labor leaders made renewed threats to spread if the deadlock continues. These threats perhaps were the very things which stood in the way of an amicable adjustment. The "vested interests," as they are sometimes alluded to by partisans, but which, nevertheless under present conditions are a decidedly real factor in the situation, dislike and resent the hint of coercion.

But leaving this feature of the present conditions out of consideration, there came to the surface today forces which those who, for good or bad reasons, can see nothing but a prolonged struggle as the outgrowth of the exciting complications.

#### Business Men Confer.

At a representative meeting of business men this afternoon, the call for arbitration was the keynote from beginning to end of a long debate, which culminated in demands upon both local and National influences for the setting in motion of forces which would work to bring the traction dispute before mediatory tribunals for settlement. Local financial, commercial and official bodies and the federal authorities, as well as the

salutary influence of the National civic federation, were appealed to step in and end the difficulty.

#### Governor Petitioned.

Gov. Stuart at Harrisburg was petitioned by the labor men to take action and the patriotic citizenship of the city and the state was invoked in various resolutions, statements and petitions to exert its power in putting a stop to conditions which Philadelphia daily finds growing more intolerable.

What the outcome will be can hardly be forecasted now.

Each day, however, seemingly brings the situation nearer a crisis. An excellent sign was the good order which prevailed throughout the city today. Not until late tonight was there any sort of an outbreak in any quarter of the city.

#### Trolley Cars Stopped.

Coming out of a meeting, which was held in Musical Hall at Eighth and Locust streets tonight, a section of the crowd displayed a turbulent spirit and passing trolley cars were stoned. The police by a show of force and the display of revolvers subdued the demonstrators before mischief was done. Nobody was seriously injured and there were no arrests.

The meeting itself, though enthusiastic, was orderly. It was featured by a declaration by C. O. Pratt, leader of the striking carmen, that the sympathetic strike, although the leaders, he asserted, regretted the necessity of calling one, would not stop in Pennsylvania if the fight was prolonged. "We will go through the United States," declared Pratt.

Cars ran uninterruptedly today in greater numbers than since the strike began.

The strikers did not claim any new accessions to their ranks, and such as there were the employers claimed was more than offset by desertions from the strikers' cause.

#### Stoves for His Orchard.

Roosevelt, Ok., March 12.—W. B. Piper, ten miles south of Roosevelt, has just finished placing several hundred orchard stoves in his peach and apple orchard and will endeavor to protect his trees from late frosts and freezes. He has also placed a weather indicator with wire connection to the house, which will give two or three hours' warning of frost or freeze.

Mr. Piper has forty-five acres of peach orchard and fifteen acres of apple orchard, and if his stoves prove a success he will have an abundance of fine fruit regardless of late frosts.

#### POTTER'S FIELD FOR MANY.

Score of Wellington Avalanche Victims Still Unidentified.

Seattle, March 12.—The potter's field will be the last resting place of a score of victims of the Great Northern avalanche at Wellington, coroner fears. The bodies recovered are clad only in sleeping garments, or are entirely nude, and positive identification is almost impossible, unless the bodies can be viewed by some friends.

There are six unidentified bodies in the morgue here, and several more are expected to arrive late tonight. The Italian consul is obtaining photographs and measurements of the dead Italians. Five brakemen, a fireman and an engineer are still in Gulch this afternoon. The passengers' bodies for which special search is being made, are those of the Rev. J. M. Thompson of Bellingham, Wash., and E. W. Topping of Ashland, O. Thompson was one of the leading Presbyterian clergymen in the Northwest. Sixty-nine bodies have been recovered.

#### Charter for Water Works.

Pittsburg, Ok., March 12.—The Pittsburg Water and Light company has received a charter from the state and will begin at once to build a system of waterworks and an electric light plant for Pittsburg. A water plant is needed because of the rapid growth of the town and the fact

that the McAlester-Edwards Coal company has recently added a washer to its mines and will need a large amount of water. Pittsburg is agitating the organization of a commercial club. Many men looking for factories have recently visited the town, and a commercial club is needed to take up the matters which they propose.

## PONTOTOC CO. SCHOOLS BANNER OF THE STATE

SIXTY-ONE ORGANIZED DISTRICT  
IN COUNTY.

Fifty Buildings Been Built at Cost of  
Thousand Dollars Each.

The Pontotoc county schools un-  
der the direction of its efficient coun-  
ty superintendent, Prof. T. F. Pierce,  
have probably reached a higher  
standard of attainment and efficiency  
than the organized schools of any  
other county in the state.

The following is a suggestion of  
some part of what the Pontotoc  
schools are doing and have accom-  
plished since statehood:

Number of school districts organ-  
ized, 61. Good school in each, 32 dis-  
tricts receiving aid from government  
this year aggregating, \$6,400.

This will enable the weak districts  
to maintain a full term of school.  
About 50 new rural school houses  
have been built in the county aver-  
aging \$1000 each, fitted up with new  
seats and desks, globes, maps, charts,  
etc. These schools are now putting  
in libraries, and decorating the walls  
with nice pictures. The county super-  
intendent challenges any county in  
the state to show a better record  
along educational lines.

### NEGRO GETS LIFE SENTENCE.

Plea of Insanity Saves Life of Wil-  
liam Jackson.

Kansas City, March 12.—A jury in  
the criminal court yesterday after-  
noon committed William Jackson, a  
negro janitor, to the penitentiary  
for ninety-nine years for the assault  
on the three little girls. A death  
sentence was expected but a strong  
plea of insanity made by the two  
negro attorneys appointed by Judge  
Ralph S. Latschaw to defend Jackson  
probably saved his life.

The jury filed out of the room at  
4:15 and reported at 5:20 o'clock. One  
ballot was taken, and that was unan-  
imous for the life sentence in per-  
formance to capital punishment.

The crime of which Jackson was  
convicted was committed a month  
ago. To captain Walter Whitsett of  
the central police station and two  
reporters he confessed all the details  
of his act and in part he reiterated  
what he told them on the stand yester-  
day.

## STATE TREASURY BILL INDEFINITELY POSTPONED

PUT AWAY BY VOTE OF FIFTY-  
TWO TO TWENTY-FOUR.

Bill Taxing Cattle Is Killed—Railway  
Amendment Read for Third  
Time.

Guthrie, Ok., March 12.—The house  
indulged in more debate today on  
the policies of the state adminis-  
tration and supervising boards in the  
handling of public funds, the meas-  
ure under consideration being that  
by Mr. Wallace of Garvin county to  
require all state money to be paid  
into the state treasury. After five  
hours' running argument in commit-  
tee of the whole, the bill was put  
out by the way by a motion to post-  
pone indefinitely, which prevailed, 52  
to 24.

The Wallace bill went farther than  
the mere depositing of state money  
under management of boards and  
commissions, or management of the  
state proper in the State Treasury.  
It required that the State Treasurer  
should give a bond in the sum of a  
half million dollars with surety com-  
panies, the same to be approved by  
the governor and the state auditor,  
and filed with the secretary of state.  
The state treasurer was required to  
deposit all funds in banks through-  
out the state, apportioning it among  
the different counties in proportion  
to the amount of taxes paid by each  
county, and no bank should hold  
more of the public funds, including  
state, county, municipal and school  
district funds, than the amount of  
its capital stock. All depositories  
designated by the state Treasurer  
were to be approved by the state  
banking board. It was further pro-  
vided that if the State Treasurer wil-  
fully disregarded any provision of  
the proposed law he was liable to a  
fine of \$25,000 and removal from  
office.

When the bill was up for a short  
time several days ago, the opponents  
urged that the legislation would af-  
fect certain trust funds of the state  
such as the deposit guaranty law, and  
school land money, thereby prevent-  
ing their uses, save only by an act  
of the legislature. To meet this, the  
advocates of the measure today of-  
fered an amendment that the state  
treasurer, in cases of trust funds  
managed by the state, shall immedi-  
ately pay out the same upon exe-  
cution of a trust bond; in other  
words, when payment out of the  
fund becomes due in the regular  
course of affairs, payments are to  
be made as they are now, only that  
the money would be handled through  
the state treasurer's office.

Since it was declared that the  
money to be affected had to do with  
the state dispensary, the bank guar-  
anty law and the school land de-  
partment, the debate took a rather  
wide range, and not only included the  
use of money in connection with such  
laws, but the advantages or the  
ill effect of the laws themselves.

### Railway Amendment.

The senate advanced to the third  
reading the proposed amendment for

Sec. 9 or Art. IX of the constitution,  
which repeals the present Sec. 9,  
grants to railways the right of emi-  
nent domain, and abolishes the gen-  
eral office provisions of the con-  
stitution. Railroads and other classes  
of corporations affected are required  
to give any information that might  
be requested by the corporation com-  
mission or the stateutes. By an  
amendment of Senator Russell the  
proposed Sec. 9 is submitted to the  
people as a competing measure to  
the initiated Sec. 49 to the same ar-  
ticle, proposed by the commercial  
clubs and the railroads. The vote  
to advance the proposition on the  
senate calendar was 19 to 14.

### Kills Bill Taxing Cattle.

The senate killed the Glover bill  
requiring all property brought into  
the state between March and Sep-  
tember of each year to be assessed  
here for taxation. This would have  
affected Texas and other cattle  
brought into Oklahoma for grazing  
purposes.

### WHOLE TOWN WINNER.

Oklahoma City, March 12.—In the  
federal court Thursday Judge Rob-  
ert E. Lewis directed a verdict in  
favor of the defendants in the suit  
of the Missouri, Kansas & Texas  
Railway company against George W.  
Sutton and 109 other defendants, res-  
idents of Cleveland, Okla. The suit  
was for about \$18,000, and the al-  
legations were that the defendants con-  
tracted with the railroad to furnish  
a right-of-way for entrance into the  
town and ten miles beyond. The rail-  
road company alleged that it laid  
its tracks and completed its bar-  
gain, but that the citizens failed to  
abide by the terms. The costs of the  
case, which were considerable, were  
taxed against the plaintiff.

The judge likewise directed a ver-  
dict in favor of the defendant in the  
case of J. M. Tiller against the Fris-  
co railroad, and taxed the plaintiff  
with the costs. The petition alleged  
that a burning coal from an engine  
of the defendant company in April,  
1906, set fire to his farm property  
near Jones City, and the shock of  
the experience greatly injured the  
plaintiff's wife. Tiller asked \$10,000.  
The case of the Coalgate company  
against the Texas & Oklahoma rail-  
way company was stricken from the  
assignment by agreement of attor-  
neys, and the case of the Home In-  
surance company against the Frisco  
was ordered dismissed.

This leaves the docket clear up to  
date. The first case left on the as-  
signment for Friday, March 11, is the  
personal injury suit of Dewey Dilley  
against the Santa Fe and will be called  
Friday morning. Other cases as-  
signed for the above date are: John  
F. Hemphill against the Rock Is-  
land, R. E. Tommons against the Santa  
Fe and O. K. Kee against the Rock  
Island.

### TOBACCO MERCHANT CONVICTED.

Indianapolis, March 12.—Paul C.  
Gall, a tobacco merchant, was found  
guilty of fraudulently abstracting  
funds of the Capital National bank  
of this city by a jury in the Uni-  
ted States district court today. The  
indictment against Gall charged he  
had induced Max C. Emmerich, a  
bookkeeper in the bank, to cover up  
his overdrafts. Emmerich, convicted  
of embezzlement of \$40,000 from the  
bank, is serving a sentence of five  
years in the federal prison at Fort  
Leavenworth, Kan.

### WALL FALLS, KILLING THREE.

One of Twenty Workmen Buried by  
Debris Asks for Tobacco.

Pittsburg, Pa., March 12.—Three  
men were killed and seven were in-  
jured seriously in the collapse of a  
brick wall, left standing at the ruins  
of a fire which destroyed the bolt  
works of M. Lanz & Sons on the  
South Side early Tuesday morning.  
Twenty workmen were buried in the  
debris, most of whom were foreign-  
ers.

An hour after the accident two  
workmen were found alive, but crush-  
ed in a crevice between timbers and  
brick piles. Directing the efforts of  
the rescue party, one of the buried  
men asked for a chew of tobacco,  
which was handed to him between  
a crack in the piled-up timbers. Not  
one of the score of workmen escap-

seven were Americans.

## LOCAL TELEPHONE CO. EXTENDING ITS LINES

ALREADY HAS COUNTY LINES IN OPERATION; PROPOSES TO BUILD CITY PHONE EXCHANGE.

Substantial Home Citizens Lead in New Enterprise—B. H. Mason, Elected Secretary.

It has a line in operation between Ada and Abbott, and is preparing to extend the line to Byrd's Mill, Ford City, Allen and other points along the Missouri, Oklahoma and Gulf rail way, and to put in rural lines to all parts of Pontotoc county, and to establish a local exchange at Ada, so as to put the neighboring towns, and the rural communities in direct communication with the business and professional men of the city of Ada.

The capital stock of the company is six hundred shares of the par value of ten dollars each. Only a part of this stock has been issued and the board of directors has authorized the sale of two hundred shares of the unissued stock for the purpose of raising funds to carry out the extensions planned. It can be demonstrated that this stock will pay satisfactory dividends and promises a safe and profitable investment. Think it over and be ready to talk to the solicitor when he calls. Help this Ada enterprise along. Help boost Ada. Help the farmers who trade at Ada. Be a booster.

FANATICS FIRE ON AMERICANS.

Turkish Authorities Are Expected to Punish Assaultants.

Washington, March 12.—American parties visiting the Mosque of Omar near Jerusalem have been fired on by Afghan fanatics. Miss Mathile Maurice, of Mamaroneck, N. Y., received a slight flesh wound and Miss Parker Moore, of Terre Haute, Ind., was seriously wounded but will recover. No others were hurt.

The information came to the state department late last night in an undated telegram from United States Consul Wallace at Jerusalem. The officials express no doubt that the Turkish authorities will take prompt steps to punish the assaultants.

The state department has instructed the United States consul general at Jerusalem to make energetic representations to the local authorities to bring about the apprehension of the party guilty of firing upon and wounding the two American tourists. The United States ambassador at Constantinople has also been instructed by cable to give the matter careful attention.

ARMY AMENDMENT REJECTED.

"Pink Tea" Opposition to Promotion Is Successful in House.

Washington, March 12.—"Army staff officers in Washington exert influence because they attend pink teas and dance with the girls," declared Representative Sulzer of New York in the house today, in suggesting that opposition in the house to the senate amendment to the army appropriation bill bestowing the rank of major general on several officers of the line had its origin with staff officers.

"They reach the ears of members of congress," he continued. "The line officers are on the frontier and they are not here to plead their cause in boudoirs and reception rooms."

The house rejected the amendment by a vote of 121 to 17 and returned the bill to conference.

Negro Purse Snatcher.

Muskogee, Okla., March 12.—Ruth Peck, aged 10, was sent by her mother to a neighbors to get some money due her. Returning the girl was met by a bruly negro who stopped her and asked what she had in her pocket book. "Money," innocently replied the little one, showing the negro a bill. The negro snatched the money from the child and fled. One negro was arrested and threats of lynching were made, but he proved to be the wrong man. If the right one is found trouble is feared.

## BUSINESS MEN HOLD MEETING

ASK FOR ARBITRATION OF THE  
PHILADELPHIA STREET CAR  
STRIKE.

### CONDITIONS ARE NO BETTER

Labor Men Petition Governor Stuart  
to Take Action—Cars Continue to  
Be Stopped—Quiet Yes-  
terday.

Philadelphia, Pa., March 12—The call for arbitration of the differences between the Philadelphia Rapid Transit Company and its 4,000 or more striking employees became insistent today.

From quarter after quarter in Philadelphia and outside of it the demand for mediatory measures was voiced.

Everywhere it was recognized that the failure to arrive at any arbitral agreement was the only thing that stood in the way of a speedy calling off of the general sympathetic strike in this city which has practically paralyzed the city's industrial life and which the labor leaders made renewed threats to spread if the deadlock continues. These threats perhaps were the very things which stood in the way of an amicable adjustment. The vested interests as they are sometimes alluded to by partisans but which nevertheless under present conditions are a decidedly real factor in the situation, dislike and resent the hint of coercion.

But leaving this feature of the present conditions out of consideration, there came to the surface today forces which those who for good or bad reasons, can see nothing but a prolonged struggle as the outgrowth of the existing complications.

**Business Men Confer.**  
At a representative meeting of business men this afternoon, the call for arbitration was the keynote from beginning to end of a long debate which culminated in demands upon both local and National influences for the setting in motion of forces which would work to bring the traction dispute before mediatory tribunals for settlement. Local financial, commercial and official bodies and the federal authorities, as well as the

salutary influence of the National civic federation, were appealed to step in and end the difficulty.

### Governor Petitioned.

Gov. Stuart at Harrisburg was petitioned by the labor men to take action and the patriotic citizenship of the city and the state was invoked in various resolutions, statements and petitions to exert its power in putting a stop to conditions which Philadelphia daily finds growing more intolerable.

What the outcome will be can hardly be forecasted now.

Each day, however, seemingly brings the situation nearer a crisis.

An excellent sign was the good order which prevailed throughout the city today. Not until late tonight was there any sort of an outbreak in any quarter of the city.

### Trolley Cars Stopped.

Coming out of a meeting, which was held in Musical Hall at Eighth and Locust streets tonight, a section of the crowd displayed a turbulent spirit and passing trolley cars were stoned. The police by a show of force and the display of revolvers subdued the demonstrators before mischief was done. Nobody was seriously injured and there were no arrests.

The meeting itself, though enthusiastic, was orderly. It was featured by a declaration by C. O. Pratt, leader of the striking carmen, that the sympathetic strike, although the necessity of calling one, would not stop in Pennsylvania if the fight was prolonged. "We will go through the United States," declared Pratt.

Cars ran uninterruptedly today in greater numbers than since the strike began.

The strikers did not claim any new accessions to their ranks, and such as there were the employers claimed was more than offset by desertions from the strikers' cause.

### Stores for His Orchard.

Roosevelt, Ok., March 12—W. B. Piper, ten miles south of Roosevelt, has just finished placing several hundred orchard stoves in his peach and apple orchard and will endeavor to protect his trees from late frosts and freezes. He has also placed a weather indicator with wire connection to the house, which will give two or three hours' warning of frost or freeze.

Mr. Piper has forty-five acres of peach orchard and fifteen acres of apple orchard, and if his stoves prove a success he will have an abundance of fine fruit regardless of late frosts.

### POTTER'S FIELD FOR MANY.

Score of Wellington Avalanche Victims Still Unidentified.

Seattle, March 12—The potter's field will be the last resting place of a score of victims of the Great Northern avalanche at Wellington. The bodies recovered are clad only in sleeping garments, or are entirely nude, and positive identification is almost impossible, unless the bodies can be viewed by some friends.

There are six unidentified bodies in the morgue here, and several more are expected to arrive late tonight. The Italian consul is obtaining photographs and measurements of the dead Italians. Five brakemen, a fireman and an engineer are still in Gulch this afternoon. The passengers' bodies for which special search is being made, are those of the Rev. J. W. Thompson of Bellingham, Wash., and D. W. Topping of Ashland, O. Thompson was one of the leading Presbyterian clergymen in the Northwest. Sixty-nine bodies have been recovered.

### Charter for Water Works.

Pittsburg, Ok., March 12—The Pittsburg Water and Light company has received a charter from the state and will begin at once to build a system of waterworks and an electric light plant for Pittsburg. A water plant is needed because of the rapid growth of the town and the fact

that the McAlester-Edwards Coal company has recently added a washer to its mines and will need a large amount of water. Pittsburg is agitating the organization of a commercial club. Many men looking for factories have recently visited the town, and a commercial club is needed to take up the matters which they propose.

### HOME TELEPHONE CO.

We take pleasure in calling at-  
tention to the advertisement of the  
Farmers Independent Telephone Com-  
pany which appears in another col-  
umn of this paper, as an Ada enter-  
prise that promises much benefit to  
the city as well as profit to those

connected with it. The new officers  
of the company are business men of  
energy and push. Mr. G. H. Keen, its  
president, is one of the leading archi-  
tects of the city, and an old resident.  
Mr. B. H. Mason, its secretary and  
treasurer, is cashier of the M. and  
P. Bank, of Ada, and one of the lead-  
ing business men of the community.  
The fact that the Farmers' Inde-  
pendent is a local company and back-  
ed by local capital will commend it  
to the local public.

## PONTOTOC CO. SCHOOLS BANNER OF THE STATE

SIXTY-ONE ORGANIZED DISTRICT  
IN COUNTY.

Fifty Buildings Been Built at Cost of  
Thousand Dollars Each.

The Pontotoc county schools un-  
der the direction of its efficient coun-  
ty superintendent, Prof. T. F. Pierce,  
have probably reached a higher  
standard of attainment and efficiency  
than the organized schools of any  
other county in the state.

The following is a suggestion of  
some part of what the Pontotoc  
schools are doing and have accom-  
plished since statehood:

Number of school districts organ-  
ized, 61. Good school in each, 62 dis-  
tricts receiving aid from government  
this year aggregating, \$6,400.

This will enable the weak districts  
to maintain a full term of school.  
About 50 new rural school houses  
have been built in the county aver-  
aging \$1000 each, fitted up with new  
seats and desks, globes, maps, charts,  
etc. These schools are now putting  
in libraries, and decorating the walls  
with nice pictures. The county super-  
intendent challenges any county in  
the state to show a better record  
along educational lines.

### NEGRO GETS LIFE SENTENCE.

Plea of Insanity Saves Life of Wil-  
liam Jackson.

Kansas City, March 12.—A jury in  
the criminal court yesterday after-  
noon committed William Jackson, a  
negro janitor, to the penitentiary  
for ninety-nine years for the assault  
on the three little girls. A death  
sentence was expected but a strong  
plea of insanity made by the two  
negro attorneys appointed by Judge  
Ralph S. Latschaw to defend Jackson  
probably saved his life.

The jury filed out of the room at  
4:15 and reported at 5:20 o'clock. One  
ballot was taken, and that was unan-  
imous for the life sentence in per-  
formance to capital punishment.

The crime of which Jackson was  
convicted was committed a month  
ago. To captain Walter Whitsett of  
the central police station and two  
reporters he confessed all the details  
of his act and in part he reiterated  
what he told them on the stand yes-  
terday.

## STATE TREASURY BILL INDEFINITELY POSTPONED

PUT AWAY BY VOTE OF FIFTY-  
TWO TO TWENTY-FOUR.

BILL Taxing Cattle Is Killed—Railway  
Amendment Read for Third  
Time.

Guthrie, Ok., March 12.—The house  
indulged in more debate today on  
the policies of the state adminis-  
tration and supervising boards in the  
handling of public funds, the meas-  
ure under consideration being that  
by Mr. Wallace of Garvin county to  
require all state money to be paid  
into the state treasury. After five  
hours' running argument in com-  
mittee of the whole, the bill was put  
out by the way by a motion to post-  
pone indefinitely, which prevailed, 52  
to 24.

The Wallace bill, went farther than  
the mere depositing of state money  
under management of boards and  
commissions, or management of the  
state proper in the State Treasury.  
It required that the State Treasurer  
should give a bond in the sum of a  
half million dollars with surety com-  
panies, the same to be approved by  
the governor and the state auditor,  
and filed with the secretary of state.  
The state treasurer was required to  
deposit all funds in banks through-  
out the state, apportioning it among  
the different counties in proportion  
to the amount of taxes paid by each  
county, and no bank should hold  
more of the public funds, including  
state, county, municipal and school  
district funds, than the amount of  
its capital stock. All depositories  
designated by the state Treasurer  
were to be approved by the state  
banking board. It was further pro-  
vided that if the State Treasurer wil-  
fully disregarded any provision of  
the proposed law he was liable to a  
fine of \$25,000 and removal from  
office.

When the bill was up for a short  
time several days ago, the opponents  
urged that the legislation would af-  
fect certain trust funds of the state,  
such as the deposit guaranty law, and  
school land money, thereby prevent-  
ing their uses, save only by an act  
of the legislature. To meet this, the  
advocates of the measure today of-  
fered an amendment that the state  
treasurer, in cases of trust funds  
managed by the state, shall immedi-  
ately pay out the same upon ex-  
ecution of a trust bond; in other  
words, when payment out of the  
fund becomes due in the regular  
course of affairs, payments are to  
be made as they are now, only that  
the money would be handled through  
the state treasurer's office.

Since it was declared that the  
money to be affected had to do with  
the state dispensary, the bank guar-  
anty law and the school land de-  
partment, the debate took a rather  
wide range, and not only included the  
use of money in connection with such  
laws, but the advantages or the  
ill effect of the laws themselves.

### Railway Amendment.

The senate advanced to the third  
reading the proposed amendment for

Sec. 9 or Art. IX of the constitution,  
which repeals the present Sec. 9,  
grants to railroads the right of emi-  
nent domain, and abolishes the gen-  
eral office provisions of the con-  
stitution. Railroads and other classes  
of corporations affected are required  
to give any information that might  
be requested by the corporation com-  
mission or the state auditor. By an  
amendment of Senator Russell the  
proposed Sec. 9 is submitted to the  
people as a competing measure to  
the initiated Sec. 49 to the same ar-  
ticle, proposed by the commercial  
clubs and the railroads. The vote  
to advance the proposition on the  
senate calendar was 19 to 14.

### Kills Bill Taxing Cattle.

The senate killed the Glover bill  
requiring all property brought into  
the state between March and Sep-  
tember of each year to be assessed  
here for taxation. This would have  
affected Texas and other cattle  
brought into Oklahoma for grazing  
purposes.

### WHOLE TOWN WINNER.

Oklahoma City, March 12.—In the  
federal court Thursday Judge Rob-  
ert E. Lewis directed a verdict in  
favor of the defendants in the suit  
of the Missouri, Kansas & Texas  
Railway company against George W.  
Sutton and 109 other defendants, res-  
idents of Cleveland, Okla. The suit  
was for about \$18,000, and the al-  
legations were that the defendants con-  
tracted with the railroad to furnish  
a right-of-way for entrance into the  
town and ten miles beyond. The rail-  
road company alleged that it laid  
its tracks and completed its bar-  
gain, but that the citizens failed to  
abide by the terms. The costs of the  
case, which were considerable, were  
taxed against the plaintiff.

The judge likewise directed a ver-  
dict in favor of the defendant in the  
case of J. M. Tiller against the Frisco  
railroad, and taxed the plaintiff  
with the costs. The petition alleged  
that a burning coal from an engine  
of the defendant company in April,  
1906, set fire to his farm property  
near Jones City, and the shock of  
the experience greatly injured the  
plaintiff's wife. Tiller asked \$10,000.

The case of the Coalgate company  
against the Texas & Oklahoma rail-  
way company was stricken from the  
assignment by agreement of attor-  
neys, and the case of the Home In-  
surance company against the Frisco  
was ordered dismissed.

This leaves the docket clear up to  
date. The first case left on the as-  
signment for Friday, March 11, is the  
personal injury suit of Dorey Dilley  
against the Santa Fe and will be called  
Friday morning. Other cases as-  
signed for the above date are: John  
R. Hemphill against the Rock Is-  
land, R. E. Tommons against the San-  
ta Fe and O. K. Kee against the Rock  
Island.

### TOBACCO MERCHANT CONVICTED.

Indianapolis, March 12.—Paul C.  
Gall, a tobacco merchant, was found  
guilty of fraudulently abstracting  
funds of the Capital National bank  
of this city by a jury in the United  
States district court today. The  
indictment against Gall charged he  
had induced Max C. Emmerich, a  
bookkeeper in the bank, to cover up  
his overdrafts. Emmerich, convicted  
of embezzlement of \$40,000 from the  
bank, is serving a sentence of five  
years in the federal prison at Fort  
Leavenworth, Kan.

### WALL FALLS, KILLING THREE.

One of Twenty Workmen Barled by  
Debris Asks for Tobacco.

Pittsburg, Pa., March 12.—Three  
men were killed and seven were in-  
jured seriously in the collapse of a  
brick wall, left standing at the ruins  
of a fire which destroyed the bolt  
works of M. Lanz & Sons on the  
South Side early Tuesday morning.  
Twenty workmen were buried in the  
debris, most of whom were foreign-  
ers.

An hour after the accident two  
workmen were found alive, but crushed  
in a crevice between timbers and  
brick piles. Directing the efforts of  
the rescue party, one of the buried  
men asked for a chew of tobacco,  
which was handed to him between a  
crack in the piled-up timbers. Not  
one of the score of workmen escap-  
ed injury. Of the injured and dead  
seven were Americans.

**ARMY AMENDMENT REJECTED.**  
"Pink Tea" Opposition to Promotion Is Successful in House.

Washington, March 12—Army staff officers in Washington exert influence because they attend pink teas and dance with the girls," declared Representative Sulzer of New York in the house today, in suggesting that opposition in the house to the senate amendment to the army appropriation bill bestowing the rank of major general on several officers of the line had its origin with staff officers.

They reach the ears of members of congress," he continued. The line officers are on the frontier and they are not here to plead their cause in corridors and reception rooms.

The house rejected the amendment by a vote of 121 to 17 and returned the bill to conference.

**Negro Purse Snatcher.**

## BUSINESS MEN HOLD MEETING

ASK FOR ARBITRATION OF THE  
PHILADELPHIA STREET CAR  
STRIKE.

### CONDITIONS ARE NO BETTER

Labor Men Petition Governor Stuart  
to Take Action—Cars Continue to  
Be Stopped—Quiet Yes-  
terday.

Philadelphia, Pa., March 12—The call for arbitration of the differences between the Philadelphia Rapid Transit Company and its 4,000 or more striking employees became insistent today.

From quarter after quarter in Philadelphia and outside of it the demand for mediatory measures was voiced.

Everywhere it was recognized that the failure to arrive at any arbitral agreement was the only thing that stood in the way of a speedy calling off of the general sympathetic strike in this city which has practically paralyzed the city's industrial life and which the labor leaders made renewed threats to spread if the deadlock continues. These threats perhaps were the very things which stood in the way of an amicable adjustment. The vested interests as they are sometimes alluded to by partisans but which nevertheless under present conditions are a decidedly real factor in the situation, dislike and resent the hint of coercion.

But leaving this feature of the present conditions out of consideration, there came to the surface today forces which those who for good or bad reasons, can see nothing but a prolonged struggle as the outgrowth of the existing complications.

**Business Men Confer.**  
At a representative meeting of business men this afternoon, the call for arbitration was the keynote from beginning to end of a long debate which culminated in demands upon both local and National influences for the setting in motion of forces which would work to bring the traction dispute before mediatory tribunals for settlement. Local financial, commercial and official bodies and the federal authorities, as well as the

salutary influence of the National civic federation, were appealed to step in and end the difficulty.

### Governor Petitioned.

Gov. Stuart at Harrisburg was petitioned by the labor men to take action and the patriotic citizenship of the city and the state was invoked in various resolutions, statements and petitions to exert its power in putting a stop to conditions which Philadelphia daily finds growing more intolerable.

What the outcome will be can hardly be forecasted now.

Each day, however, seemingly brings the situation nearer a crisis. An excellent sign was the good order which prevailed throughout the city today. Not until late tonight was there any sort of an outbreak in any quarter of the city.

### Trolley Cars Stopped.

Coming out of a meeting, which was held in Musical Hall at Eighth and Locust streets tonight, a section of the crowd displayed a turbulent spirit and passing trolley cars were stoned. The police by a show of force and the display of revolvers subdued the demonstrators before mischief was done. Nobody was seriously injured and there were no arrests.

The meeting itself, though enthusiastic, was orderly. It was featured by a declaration by C. O. Pratt, leader of the striking carmen, that the sympathetic strike, although the necessity of calling one, would not stop in Pennsylvania if the fight was prolonged. "We will go through the United States," declared Pratt.

Cars ran uninterruptedly today in greater numbers than since the strike began.

The strikers did not claim any new accessions to their ranks, and such as there were the employers claimed was more than offset by desertions from the strikers' cause.

### Stoves for His Orchard.

Roosevelt, Ok., March 12—W. B. Piper, ten miles south of Roosevelt, has just finished placing several hundred orchard stoves in his peach and apple orchard and will endeavor to protect his trees from late frosts and freezes. He has also placed a weather indicator with wire connection to the house, which will give two or three hours' warning of frost or freeze.

Mr. Piper has forty-five acres of peach orchard and fifteen acres of apple orchard, and if his stoves prove a success he will have an abundance of fine fruit regardless of late frosts.

### POTTER'S FIELD FOR VINY.

Score of Wellington Avalanche Victims Still Unidentified.

Seattle, March 12—The potter's field will be the last resting place of a score of victims of the Great Northern avalanche at Wellington. The bodies recovered are clad only in sleeping garments, or are entirely nude, and positive identification is almost impossible, unless the bodies can be viewed by some friends.

There are six unidentified bodies in the morgue here, and several more are expected to arrive late tonight. The Italian consul is obtaining photographs and measurements of the dead Italians. Five brakemen, a fireman and an engineer are still in Gulch this afternoon. The passengers' bodies for which special search is being made, are those of the Rev. J. M. Thompson of Bellingham, Wash., and E. W. Topping of Ashland, O. Thompson was one of the leading Presbyterian clergymen in the Northwest. Sixty-nine bodies have been recovered.

### Charter for Water Works.

Pittsburg, Ok., March 12—The Pittsburg Water and Light company has received a charter from the state and will begin at once to build a system of waterworks and an electric light plant for Pittsburg. A water plant is needed because of the rapid growth of the town and the fact

that the McAlester-Edwards Coal company has recently added a washer to its mines and will need a large amount of water. Pittsburg is agitating the organization of a commercial club. Many men looking for factories have recently visited the town, and a commercial club is needed to take up the matters which they propose.

## PONTOTOC CO. SCHOOLS BANNER OF THE STATE

SIXTY-ONE ORGANIZED DISTRICT  
IN COUNTY.

Fifty Buildings Been Built at Cost of  
Thousand Dollars Each.

The Pontotoc county schools under  
the direction of its efficient county  
superintendent, Prof. T. F. Pierce,  
have probably reached a higher  
standard of attainment and efficiency  
than the organized schools of any  
other county in the state.

The following is a suggestion of  
some part of what the Pontotoc  
schools are doing and have accom-  
plished since stutthood:

Number of school districts orga-  
nized, 61. Good school in each, 62 dis-  
tricts receiving aid from government  
this year aggregating, \$6,400.

This will enable the weak districts  
to maintain a full term of school.  
About 50 new rural school houses  
have been built in the county aver-  
aging \$1000 each, fitted up with new  
seats and desks, globes, maps, charts,  
etc. These schools are now putting  
in libraries, and decorating the walls  
with nice pictures. The county su-  
perintendent challenges any county in  
the state to show a better record  
along educational lines.

### NEGRO GETS LIFE SENTENCE.

Plea of Insanity Saves Life of Wil-  
liam Jackson.

Kansas City, March 12.—A jury in  
the criminal court yesterday after-  
noon committed William Jackson, a  
negro janitor, to the penitentiary  
for ninety-nine years for the assault  
on the three little girls. A death  
sentence was expected but a strong  
plea of insanity made by the two  
negro attorneys appointed by Judge  
Ralph S. Latashaw to defend Jackson  
probably saved his life.

The jury filed out of the room at  
4:15 and reported at 5:20 o'clock. One  
ballot was taken, and that was "unani-  
mous for the life sentence in perfer-  
ence to capital punishment.

The crime of which Jackson was  
convicted was committed a month  
ago. To captain Walter Whitsett of  
the central police station and two  
reporters he confessed all the details  
of his act and in part he reiterated  
what he told them on the stand yes-  
terday.

## STATE TREASURY BILL INDEFINITELY POSTPONED

PUT AWAY BY VOTE OF FIFTY-  
TWO TO TWENTY-FOUR.

Bill Taxing Cattle Is Killed—Railway  
Amendment Read for Third  
Time.

Guthrie, Ok., March 12.—The house  
indulged in more debate today on  
the policies of the state adminis-  
tration and supervising boards in the  
handling of public funds, the meas-  
ure under consideration being that  
by Mr. Wallace of Garvin county to  
require all state money to be paid  
into the state treasury. After five  
hours' running argument in com-  
mittee of the whole, the bill was put  
out by the way by a motion to post-  
pone indefinitely, which prevailed, 52  
to 24.

The Wallace bill went farther than  
the mere depositing of state money  
under management of boards and  
commissions, or management of the  
state proper in the State Treasury.  
It required that the State Treasurer  
should give a bond in the sum of a  
half million dollars with surety com-  
panies, the same to be approved by  
the governor and the state auditor,  
and filed with the secretary of state.  
The state treasurer was required to  
deposit all funds in banks through-  
out the state, apportioning it among  
the different counties in proportion  
to the amount of taxes paid by each  
county, and no bank should hold  
more of the public funds, including  
state, county, municipal and school  
district funds, than the amount of  
its capital stock. All depositories  
designated by the state Treasurer  
were to be approved by the state  
banking board. It was further pro-  
vided that if the State Treasurer wil-  
fully disregarded any provision of  
the proposed law he was liable to a  
fine of \$25,000 and removal from  
office.

When the bill was up for a short  
time several days ago, the opponents  
urged that the legislation would af-  
fect certain trust funds of the state  
such as the deposit guaranty law, and  
school land money, thereby prevent-  
ing their uses, save only by an act  
of the legislature. To meet this, the  
advocates of the measure today of-  
fered an amendment that the state  
treasurer, in cases of trust funds  
managed by the state, shall imme-  
diately pay out the same upon ex-  
ecution of a trust bond; in other  
words, when payment out of the  
fund becomes due in the regular  
course of affairs, payments are to  
be made as they are now, only that  
the money would be handled through  
the state treasurer's office.

Since it was declared that the  
money to be affected had to do with  
the state dispensary, the bank guar-  
anty law and the school land de-  
partment, the debate took a rather  
wide range, and not only included the  
use of money in connection with such  
laws, but the advantages or the  
ill effect of the laws themselves.

### Railway Amendment.

The senate advanced to the third  
reading the proposed amendment for

Sec. 9 or Art. IX of the constitution,  
which repeals the present Sec. 9,  
grants to railways the right of emi-  
nent domain, and abolishes the gen-  
eral office provisions of the con-  
stitution. Railroads and other classes  
of corporations affected are required  
to give any information that might  
be requested by the corporation com-  
mission or the statutes. By an  
amendment of Senator Russell the  
proposed Sec. 9 is submitted to the  
people as a competing measure to  
the initiated Sec. 49 to the same ar-  
ticle, proposed by the commercial  
clubs and the railroads. The vote  
to advance the proposition on the  
senate calendar was 19 to 14.

### Kills Bill Taxing Cattle.

The senate killed the Glover bill  
requiring all property brought into  
the state between March and Sep-  
tember of each year to be assessed  
here for taxation. This would have  
affected Texas and other cattle  
brought into Oklahoma for grazing  
purposes.

### WHOLE TOWN WINNER.

Oklahoma City, March 12.—In the  
federal court Thursday Judge Rob-  
ert E. Lewis directed a verdict in  
favor of the defendants in the suit  
of the Missouri, Kansas & Texas  
Railway company against George W.  
Sutton and 109 other defendants, res-  
idents of Cleveland, Okla. The suit  
was for about \$18,000, and the al-  
legations were that the defendants con-  
tracted with the railroad to furnish  
a right-of-way for entrance into the  
town and ten miles beyond. The rail-  
road company alleged that it laid  
its tracks and completed its bar-  
gain, but that the citizens failed to  
abide by the terms. The costs of the  
case, which were considerable, were  
taxed against the plaintiff.

The judge likewise directed a ver-  
dict in favor of the defendant in the  
case of J. M. Tiller against the Frisco  
railroad, and taxed the plaintiff  
with the costs. The petition alleged  
that a burning coal from an engine  
of the defendant company in April,  
1906, set fire to his farm property  
near Jones City, and the shock of  
the experience greatly injured the  
plaintiff's wife. Tiller asked \$10,000.

The case of the Coalgate company  
against the Texas & Oklahoma rail-  
way company was stricken from the  
assignment by agreement of attor-  
neys, and the case of the Home In-  
surance company against the Frisco  
was ordered dismissed.

This leaves the docket clear up to  
date. The first case left on the as-  
signment for Friday, March 11, is the  
personal injury suit of Dewey Dilley  
against the Santa Fe and will be called  
Friday morning. Other cases as-  
signed for the above date are: John  
P. Hemphill against the Rock Is-  
land; R. E. Tommons against the Santa  
Fe and O. K. Kee against the Rock  
Island.

### TOBACCO MERCHANT CONVICTED.

Indianapolis, March 12.—Paul C.  
Gall, a tobacco merchant, was found  
guilty of fraudulently abstracting  
funds of the Capital National bank  
of this city by a jury in the United  
States district court today. The  
indictment against Gall charged he  
had induced Max C. Emmerich, a  
bookkeeper in the bank, to cover up  
his overdrafts. Emmerich, convicted  
of embezzlement of \$40,000 from the  
bank, is serving a sentence of five  
years in the federal prison at Fort  
Leavenworth, Kan.

### WALL FALLS, KILLING THREE.

Pittsburg, Pa., March 12.—Three

jured seriously in the collapse of a

men asked for a chew of tobacco,  
which was handed to him between a  
crack in the piled-up timbers. Not

ed injury. Of the injured and dead  
seven were Americans.
